

Hello & Welcome to
June's virtual Messy
Church. Do you know.....

Who Built The ARK?

Why don't you get some paper
and colouring pencils and as a
family design your own ark.
Can you build a model of your
ark with Lego or craft sticks or
anything you have around your
home?

*What is your
favourite animal
and why? Can you
pretend to be that
animal?*

Falmouth

The story of Noah's Ark

Noah and the Great Flood

This is the story of Noah's family and the great flood. Noah was a good man all his life, and he always followed God. He had three sons: Shem, Ham, and Japheth. When God looked at the earth, he saw that people had ruined it. God said to Noah, "Everyone has filled the earth with anger and bad behaviour, so I will destroy all living things but you must build a boat for you and your family."

God told Noah what the boat should look like and how big it should be. Noah had to take two of every living creature on the earth into the boat. Noah did everything God commanded him to do.

The Flood Begins

Noah gathered his family and all of the creatures and put them on the boat. When the rain came the water began rising and lifted the boat off the ground, the water even covered the mountains. This was God's way to wipe the earth clean.

The Flood Ends

When the rain stopped the water began to disappear. When the water was low enough the boat touched land again. Noah sent out a dove, there was still too much water so it came back.

After another seven days Noah again sent out the dove. The dove came back to Noah. The dove had a fresh olive leaf in its mouth. This was a sign to show Noah that there was dry ground on the earth. After that, Noah opened the door of the boat. He looked and saw that the ground was dry. Then God said to Noah, "Leave the boat now and let all of the creatures roam the earth again. These animals will make many more animals, and they will fill the earth again."

Did you know
that doves and
olive branches are
still used as a
symbol of peace
today?

LET

PRAY

US

Dear Lord.
We thank you that we feel
your presence everyday.
Please help us to look
after this planet and all the
creatures living on it
including all the people.
Please help us all to be
kind to everyone and
everything. Thank you.
Amen

Just remember after the rain comes
the sun. Here are a couple of songs you
can all join in with. Don't forget to
make some home made instruments to
play along with.
